FCA SUMMER DAY CAMPS WHERE FUN AND LEARNING GO TOGETHER!

EUREKA!

July 2 - 5

If your child is a science enthusiast then this week is definitely for them. During this "scientific" camp your child will be participating in lots of mini science experiments, visiting real science labs and so much more! Your child will also get to experience a presentation from Sci-flyers along with getting a chance to dissect a real live worm. What science week would be complete without a trip to Science East!!

NB ADVENTURES

July 8 - 12

Does your child have an adventurous spirit and like to travel? Then this is the week for them. Your child will have fun exploring some of New Brunswick's finest tourist attractions as they visit: Fundy National Park and the Hopewell Rocks, the NB Salmon Museum, a suspension bridge, and hiking the Maliseet Trail. There will also be a visit to Kings Landing as well as Killarney Lake for a hike and a picnic. This week is all about the outdoors and exploring what our great province has to offer.

READY...SET...GET WET

July 15 - 19

If your child loves to get wet then this is the camp for them. Activities during this week include daily water games and day trips to wet, wild and whacky places like Hartt Island, Killarney lake and tubing down the Nashwaak River. We will conclude our week with a hiking adventure to Dunbar falls for a swim and a picnic.

NOTE:

All activities are subject to change based on booking, availability and weather.

COMMUNITY KINDNESS:

July 22 - 26

We are part of a wonderful community in Fredericton. During this camp the children will learn how to be kind to the people in our neighborhood and what it means to be an important part of a community. Acts of Kindness help increase self esteem and compassion in children. During this camp the children will be involved in several acts of kindness from volunteering at a nursing home to collecting food for the food bank. From baking cookies to give away to people in need to writing letters of encouragement to people who may need a little love. From giving out bottles of water on the trail to visiting other community helpers in our city. This will be a full week packed with inspirational days.

JUNIOR MASTER CHEF

July 29 - August 2

If you are looking for a fun-filled week of baking, creativity, and great field trips then this is the camp for your child. During this week, your child will learn the basics of baking and how to follow a recipe. There will also be field trips to Monkey Cakes bakery and the Great Canadian Bagel, to see how things are made behind the scenes. The children will also be hosting their very own bake sale and we will even have a bake off that will be judged by local chefs.

HEAD FOR THE HILLS:

August 6 - 9

Hiking has become so popular in the last few years that many children will be excited to explore new trails and maybe some old favorites. The children will be learning about hiking equipment, trail safety, how to use a compass and how to be respectful of nature. Each day will involve at least one hike to exciting destinations. We live in an area that

offers so many wonderful trails. Nature is an awesome teacher and provides a playground like no other.

GRAB THE MONET AND LET'S GOGH

August 12 - 16

If your child loves to be creative and wants to make a big splash with their artwork then they will love this exciting camp. During this week they will be given the opportunity to explore different forms of art and will be given the freedom to craft and create with an abundance of materials. There will be special activities including pottery and taking part in a real Munch & Paint.

LIGHTS, CAMERA, ACTION

August 19 -23

Does your child enjoy exploring the many different aspects of the theatre such as acting, props, lights, costumes and more? Then this is the camp for them. They will be learning a short drama that will be performed at the end of the week along with making the props, learning how to use the lights and making costumes. We will also be having some Zumba fun, touring the playhouse and taking in a Calithumpian performance.

"PIE FACE"

August 26 - 29

So much FUN! This week will be jam-packed with games, games, and more games - board games, active games, life-size games, and yard games. There will be childhood favourites brought to life along with games that will be new for everyone. We will be visiting "Unplugged", the board game café, for an afternoon of games and treats. The children will be collecting tokens all week for a chance to "pie" their leader at the end of the week. If your child loves to be active and enjoys a good game or two then this week will be a blast!
